

MADISON COUNTY HIGHWAY, BUILDINGS, AND GROUNDS

Meeting Agenda - Wednesday, March 25, 2026

Call Meeting to Order

Committee Chairman Loren Corbin called the meeting to order @ 8:32 a.m. in Chambers.

Committee Members Present: Vice Chairman Greg Reuter (via Zoom not voting), Supervisors Thomas Daviau, Dave Jones

Committee Members Absent: Supervisor Matt Roberts

Others Present: Director of Facilities John Regan, Deputy Director of Facilities Thomas Curtis, Maintenance Supervisor Lyle Malbouf, Highway Superintendent Joe Wisinski, Assistant Highway Superintendent Brad Newman, Highway Operations Manager Eric DeGroat, Assistant County Attorney Jeff Aumell, Finance Director Lou Anne Randall, Public Information Assistant Ryan Coe, County Administrator Mark Scimone, Board Clerk Emily Burns, Board Chairman Jim Cunningham @ 8:35 a.m., County Treasurer Cindy Edick, Supervisor Pete Walrod, Assistant County Attorney Melissa Felton @ 9:25 a.m., Emergency Management Director Dan Degear @ 8:52 a.m.

Approval of Minutes

1. Approve the Minutes of the February 25, 2026 regular Highway, Buildings & Grounds Committee Meeting

On motion by Supervisor Daviau, seconded by Supervisor Jones, the motion was made to approve the minutes. The motion was Passed.

Highway

1. Authorizing the Chairman to Enter into an Agreement with Suit-Kote Corporation - Bid 2026-03

On motion by Supervisor Jones, seconded by Supervisor Daviau, the motion was made to approve the resolution. The motion was Passed.

2. Authorizing the Chairman to Enter into an Agreement with Abbey Service Corp. - Bid 2026-06

On motion by Supervisor Jones, seconded by Supervisor Daviau, the motion was made to approve the resolution. The motion was Passed.

3. Authorizing the Chairman to Modify and Extend an Agreement with Barton and Loguidice, D.P.C. for the Design Services of the Middleport Road Bridge over Payne Brook and Dugway Road Culvert

On motion by Supervisor Daviau, seconded by Supervisor Jones, the motion was made to approve the resolution. The motion was Passed.

4. Authorizing the Chairman to Enter into an Agreement with Suit-Kote Corporation for Liquid Bituminous Et Al - Bid 2026-09

On motion by Supervisor Jones, seconded by Supervisor Daviau, the motion was made to approve the resolution. The motion was Passed.

5. Highway Highlights 3-25-26

Joe Wisinski, Highway Superintendent, reviewed the Highway Department's monthly highlights with the Committee. Wisinski also demonstrated the department's new GPS & Weather tracking software program that has been implemented, highlighting some important features.

Facilities

1. Acknowledging Introduction of Proposed Local Law No. 1 for the Year 2026 and Calling for a Public Hearing

On motion by Supervisor Jones, seconded by Supervisor Daviau, the motion was made to approve the resolution. The motion was Passed.

2. Adopting Local Law No. 1 for the Year 2026

On motion by Supervisor Jones, seconded by Supervisor Daviau, the motion was made to approve the resolution. The motion was Passed.

3. Authorizing the Chairman to award Bid 2026-05 and enter into an agreement with Upstate Companies I, LLC

On motion by Supervisor Daviau, seconded by Supervisor Jones, the motion was made to approve the resolution. The motion was Passed.

4. Discussion: Highway Wampsville Garage Office Renovation. King & King for design & required stamped drawings, county staff to self-perform. Funding from Highway Structural Steel Project that had favorable bids.

John Regan, Director of Facilities, discussed with the Committee the Highway Department's need for additional space in the Garage for the Supervisor's Office. Nothing was allocated in the 2026 budget for this project but we did receive back favorable bids from the Highway Structural Steel Repair bid and can use some funding from that project to pay for the King & King design fees and materials. Renovations would be self-performed by Facilities and Highway Staff. Consensus of the Committee to proceed.

5. Authorizing the Chairman to enter into an agreement with C&S Engineers, Inc.

On motion by Supervisor Jones, seconded by Supervisor Daviau, the motion was made to approve the resolution. The motion was passed.

6. Authorizing the Chairman to enter into an agreement with National Grid and NYSEG Approved Contractors

On motion by Chairman Cunningham, seconded by Supervisor Jones, the motion was made to approve the resolution. The motion was Passed.

7. Authorizing the Chairman to enter into an agreement with the Village of Hamilton

On motion by Chairman Cunningham, seconded by Supervisor Jones, the motion was made to approve the resolution. The motion was Passed.

8. Discussion: Grant Applications for Sewer Project Funding with assistance from Barton & Loguidice

John Regan, Director of Facilities, discussed with the Committee regarding engaging Barton & Loguidice again for another year of grant funding submission assistance to NYS for Sewer Project funding. Total cost for B&L services would be \$12,000. Total project costs is approximately \$8M. WIIA offers 25% up to \$25M so around \$1,900,000 would be available in grants and the other \$5,700,000 could be financed through CWSRF (These will increase with project increase). The County does not qualify for hardship (0% interest) or subsidized interest rates, so it would be a market-rate loan. B&L recommendation was shared: "Looking at WIIA scoring criteria for previous years, the lowest scoring project in the same category as this one was 53 points. Madison County's project is scored at 43 points and there is not much of a chance to improve the score. We want to mention this as to be clear with expectations that the possibility of the County receiving a WIIA grant seems low (but not impossible).: Consensus of the Committee to not move forward with this project at this time.

9. Discussion: 911 Tower Construction & Renovations

A request was received from AT&T to update their equipment on 911 Tower Site Chaphe Hill. Madison County has an agreement in place with AT&T for space rental on the 911 towers. When reviewing the consent to proceed form from AT&T the specifications were not clear as to if they were adding any equipment weight or not, that would affect the structure. Consensus of the Committee is for Dan Degear, Director of Emergency Management to communicate with AT&T and get exact details and drawings of their proposed maintenance/upgrade plans and to work with John Regan, Director of Facilities to ensure structure integrity.

10. Discussion: DMV Roof: concerns and possible options

John Regan, Director of Facilities, informed the Committee about ongoing leaks from the DMV roof. Minor repairs have been made but will not permanently solve the deteriorating conditions. There are several options for the roof, including extensive repairs or complete replacement or adding a 2nd level on top of the current roof area. All ideas would need to be explored more by an Engineer and detailed options could be presented. Consensus of the Committee to proceed with obtaining design proposals from engineering firms.

11. Discussion: Madison County Space Heater Policy

A newly created personal space heater policy drafted by Human Resources & Facilities was shared with the Committee to establish procedures for appropriate instance and usage of personal space heaters by employees in order to meet NYS codes and maintain safe working conditions.

12. Facilities Highlights

John Regan, Director of Facilities, reviewed Facilities monthly highlights & projects with the Committee

13. Central Services Monthly Report

John Regan, Director of Facilities, shared the Central Services February 2026 Monthly Report with the Committee.

Preferred Agenda- Consensus to allow any eligible resolution from today's meeting to be added to the preferred agenda

Next Meeting- Wednesday, April 29, 2026 @ 8:30 a.m. in Chambers

Adjourn

On motion by Supervisor Daviau, seconded by Supervisor Jones, the motion was made to adjourn the meeting. The meeting was adjourned at 9:49 a.m.

RESOLUTION NO. _

**AUTHORIZING THE CHAIRMAN TO ENTER INTO AN AGREEMENT WITH
SUIT-KOTE CORPORATION**

WHEREAS, sealed bids were opened on February 19, 2026 for Cold In-Place Recycling, Bid 2026-03, for various locations in Madison County and reviewed by the Highway Buildings and Grounds Committee on March 25, 2026, and

WHEREAS, the low bid meeting specifications is as follows;

**Suit-Kote Corporation Award all Items 1 through 10 for an estimated total
cost of \$1,613,529.66**

WHEREAS, the cost for services has been appropriated in the 2026 County Road Fund Budget;

NOW, THEREFORE, BE IT RESOLVED, that the Chairman of the Madison County Board of Supervisors, be and is hereby authorized to enter into an Agreement on behalf of the County of Madison with Suit-Kote Corporation, in the form as is on file with the Clerk of the Board.

**AUTHORIZING THE CHAIRMAN TO MODIFY AND EXTEND AN AGREEMENT WITH
BARTON AND LOGUIDICE, D.P.C. FOR THE DESIGN SERVICES OF THE
MIDDLEPORT ROAD BRIDGE OVER PAYNE BROOK AND DUGWAY ROAD
CULVERT**

WHEREAS, RFP 7-24 was awarded to Barton and Loguidice, D.P.C. for the Design Services for the Middleport Road Bridge over Payne Brook, BIN 3308480 and Dugway Road Culvert, and

WHEREAS, during design, it was identified that the stream provided suitable habitat for protected mussel species. Barton and Loguidice subcontracted with Biodrawiversity to complete a mussel survey with the project limits, and

WHEREAS, it was also identified during design that the existing crossing is identified as historically eligible. This required additional coordination with SHPO to navigate the process to allow the bridge to be replaced, and

WHEREAS, Barton and Loguidice carried the supplemental costs to capture the additional work in a single supplemental cost of \$12,000 and;

WHEREAS, a modification is needed to increase the initial cost by \$12,000 and;

WHEREAS, due to the additional out-of scope items, the termination date needs to be extended to December 31, 2027; and

NOW, THEREFORE, BE IT RESOLVED, that the Chairman of the Madison County Board of Supervisors, be and is hereby authorized to approve the modification and extension to the agreement on behalf of the County of Madison with Barton and Loguidice, D.P.C., in the form as is on file with the Clerk of the Board.

Re: Replacement of Middleport Road Bridge over Payne Brook and Dugway Road Culvert

File: 154.125.001

Dear Joe:

Barton & Loguidice, D.P.C. (B&L) is providing the attached supplemental agreement in the amount of \$12,000 for the out-of-scope items that were required to complete the replacement of the Middleport Road Bridge.

During design, it was identified that the stream provided suitable habitat for protected mussel species. B&L received several quotes from certified firms and subcontracted with Biodrawiversity to complete a mussel survey within the project limits.

It was also identified during design that the existing crossing is identified as historically eligible. This required additional coordination with SHPO to navigate the process to allow the bridge to be replaced.

In good faith, B&L carried the supplemental costs until the project was near completion to capture the additional work in a single supplemental agreement.

Included please find the associated attachments and exhibits as follows:

- Supplemental Cost Breakdown
- Quote for mussel survey

Should you have any questions, please call me at (315) 457-5200.

Sincerely,

BARTON & LOGUIDICE, D.P.C.

Bryan M Tremblay, P.E.
Vice President

PROPOSAL

Freshwater Mussel Survey in Payne Brook for the Middleport Road Bridge Replacement Project in Hamilton, New York (Madison County)

Biodrawversity LLC will conduct a freshwater mussel survey in Payne Brook for the Middleport Road bridge replacement project (BIN 3308480) in Hamilton, NY (Madison County). No mussel surveys have yet been completed for this project. NYSDEC lists Payne Brook as an S1/S2 waterbody. Prior to fieldwork, Biodrawversity will obtain the *License to Collect or Possess* (LCP) from the NYSDEC. As part of the LCP application, Biodrawversity will prepare and submit a study plan for the mussel survey. This will be based on the *New York State Freshwater Mussel Survey Guidelines for Waterbody Disturbance Projects* (NYSDEC 2022) and consultation with NYSDEC regional biologists and Barton & Loguidice specifically for this project. Ethan Nedeau will be the project manager and lead the fieldwork for this project. He is recognized by NYSDEC as a qualified mussel surveyor in New York.

Survey Area: The survey area includes the area of direct impacts plus upstream (50 meter) and downstream (100 meter) buffers as required in the NYSDEC 2022 protocols. The total required survey area is approximately 160 meters in length. The summertime, low-flow wetted width of Payne Brook is less than 10 meters. We propose to divide the 160-meter study reach into 16 10-meter-long cells.

Methods: Two biologists will complete the fieldwork by snorkeling (primarily) or wading with clear-bottom buckets in areas too shallow for effective snorkeling. Fieldwork will be completed by Ethan Nedeau (30 years experience) and one assistant (to be determined). Fieldwork will be conducted during seasonal low flows and low turbidity. We anticipate spending 2.0 days completing the survey. Each cell will be surveyed at a maximum rate of 0.5 minutes/m². Only areas of suitable habitat will be surveyed. Areas of unsuitable habitat will be noted, quantified, and will be the rationale for reduced search times within cells. For each cell, biologists will record counts for each species and note habitat (e.g., water depth, substrate, and flow velocity). Biologists will photograph each mussel species found. Biologists will record shell lengths and locations of all uncommon mussel species found. If any Endangered, Threatened, S1, or S2 mussel species are found, biologists will seek a suitable relocation site a safe distance away from the project. A qualitative survey and habitat assessment will be conducted to confirm that mussels already occupy the site and that habitat is suitable. The location will be recorded with GPS and photographed.

Reporting: Biodrawversity will produce a report that describes the survey results. It will contain a description of the survey area, methods used, survey conditions, counts for all mussel species, and shell length summary for uncommon species. Map(s) will clearly show the survey area, cell boundaries, locations of uncommon mussels, and the potential relocation site. Photographs of the survey area and mussel species observed will be included.

Schedule: Develop final study plan and submit LCP application to NYSDEC in June 2025. Conduct fieldwork in July or August 2025. Notify B&L of survey results within two days of completing fieldwork. Prepare a written report within six weeks of completing the fieldwork.

BUDGET: \$8,390

Labor: \$7,590 (66 hrs @ \$115/hr) [includes time to gain study plan approval, acquire *License to Collect or Possess*, mobilize and travel, conduct fieldwork (2 biologists, 2.0 days), enter and analyze data, and prepare report].

Expenses: \$800 (mileage, per diem, and local lodging @ IRS rates).

We look forward to working with you on this project.

Sincerely  Ethan Nedeau, Principal and Senior Scientist

RESOLUTION NO. _

**AUTHORIZING THE CHAIRMAN TO ENTER INTO AN AGREEMENT
WITH SUIT-KOTE CORPORATION FOR LIQUID BITUMINUS ET AL**

WHEREAS, sealed bids were opened on March 12, 2026 for Bid 2026-09, Liquid Bituminous et al and reviewed by the Highway Buildings and Grounds Committee on March 25, 2026, and

WHEREAS, the Highway Buildings and Grounds Committee approved awarding items to Suit-Kote Corporation, as needed by Madison County Highway Department, according to Schedule A of the contract;

WHEREAS, the cost for services has been appropriated in the 2026 County Road Fund Budget;

NOW, THEREFORE, BE IT RESOLVED, that the Chairman of the Madison County Board of Supervisors, be and is hereby authorized to enter into an Agreement on behalf of the County of Madison with, Suit-Kote Corporation in the form as is on file with the Clerk of the Board.
